The Members of General Assembly Gathering For Opening Session on Wednesday.

Halifax, May 31—After an interval of ten years, during which the church at large has made great growth, the general assembly of the Presbyterian church in Canada will again convene in this city tomorrow. The first formal gathering will occur at 9 a.m. in St. Matthew's church, where the assembly of 1900 also met. The annual session will be preceded by the religious services of the day. The opening of the assembly will be preceded by the religious services of the day. The opening of the assembly will be preceded by the religious services of the day.

THINKS THE EMBARGO MAY SOON BE REMOVED

Canadian Trade Commissioner in Belfast Has Hopes of Barriers Being Removed.

Ottawa, May 31—According to a report received from the department of commerce, the Canadian trade commissioner in Belfast, Mr. J. A. Macdonald, has expressed his belief that the embargo against Canadian goods in Ireland may be removed. Mr. Macdonald has been in Belfast for some time, and has been actively engaged in promoting trade between Canada and Ireland. He has been successful in securing the removal of the embargo against Canadian goods in Ireland.

Church Union and Queens

A statement of the assembly of 1900, which was made at the time of the meeting of the assembly of 1900, was that the church union and Queens were the two most important questions which were discussed at the meeting of the assembly of 1900. The assembly of 1900 was held in Halifax, and was the first formal gathering of the Presbyterian church in Canada since 1900.

LA LA FLEURS OFFER FOR WINNEPEG

Governor's Yacht in Charge of Engineer Malhot Leveson on Survey of Saskatchewan.

The government yacht La Fleurs, bound for Winnipeg, dropped its anchor at Wapella this morning and started on its trip through the survey of the channel of the Saskatchewan. The departure of the forty-foot yacht from the Strathcona side of the river was made quietly, without the beating of a whistle, but the voyage of the La Fleurs, which will continue throughout the summer, may mark the beginning of an epoch in the history of the prairie provinces. Its mission is to convey to Winnipeg the engineers who will take the soundings and make all other observations anterior to the commencement of the actual work of opening up the fleets of the river.

AROUND THE CITY

LOCALS

Rene Lemarchand is in Calgary on business.

R. W. Greenleaf, manager of the Poncha Machine & Granite Company, is an Edmonton visitor today.

The June criminal session of the Supreme court opens tomorrow morning before Mr. Justice Bock. The King murder trial is the first on the list.

Mr. (Rev.) Williams, president of the United W.C.T.U., was brought to the city last night and taken to the Maccabees hospital suffering with nervous prostration.

Engineer Van Arsdale, of the G. T. P., who is in charge of the construction work from Prince Rupert eastward, is registered at the Alberta Hotel. Interviewed by a Bulletin reporter yesterday he refused to give any very definite information concerning the progress of the work under his supervision, merely stating that every effort was being made to hasten its completion.

Judgment for the plaintiff in the case of Bellamy vs. Metcalfe was given in the District court yesterday. The defendant, A. A. Metcalfe, bought a potato digger from the plaintiff company, and after using it for some time in digging his own and his neighbor's potatoes returned it to the company claiming that it was not the specific kind of potato digger he had ordered and refused to pay for the machine. Judgment was for the full amount of the claim, \$100.85.

YUKON DINNER TO BE HELD.

P. T. Cundin, who represents the Yukon in the Dominion House in the city and the economy of the city, is giving a gathering of Yukoners, who will dine together at the King hotel tonight.

WAREHOUSE FOR ROSS BROS.

Excavations have been begun for the new warehouse to be erected for Ross Bros., at the north west corner of Third and Athabasca. The building will cost from \$50,000 to \$60,000 and will be four stories high. It will be of brick with stone trimmings, semi-heated, and will be 130 feet long by 50 feet wide. It will be fitted with two elevators. The architect is E. C. Hopkins.

BOTTOM FELL OUT OF RESERVOIR

The new water filter at the power house will not be going until tonight. The bottom fell out of the man-hole in the reservoir at 11 o'clock yesterday morning. The work of filling the new reservoir in connection with the water filter was started early yesterday morning. About 11 o'clock the pressure of the incoming water caused the bottom to drop out of the man-hole. As a consequence the water leaked through the pipe flooding the new track and causing the water level in the reservoir four feet. A double gang of men were set to work and the work

was continued last night. It is expected that connection by means of pipes will be established from the intake of the reservoir to the filter by tonight.

WITNESS IN KING CASE.

T. J. Miller, of the T. J. Miller company, insurance and real estate agency, of Benedit, near St. Paul, Minn., is in the city and is staying at the Pendennis Hotel. The purpose of this, Mr. Miller's first visit to Canada, is to give evidence in the trial of King, who, on Wednesday next, will face the serious charge of having murdered the man Hinshaw, met his death by violence near Miller, on the 10th of March, 1907. King is serving a term of imprisonment at the penitentiary for horse stealing.

It is alleged that King, after the murder, went to the state of Minnesota to secure the title to some property there which had belonged to the murdered man. It is in connection with King's visit to Minnesota that Mr. Miller will be called to give evidence.

Interviewed by a Bulletin reporter Mr. Miller refused to discuss the purpose of his visit.

Questioned concerning his impressions of the country through which he had passed he stated that they were most favorable, and could leave no doubt in his mind as to the splendid future opening up before the West. He added, however, that, in his opinion, the development of the country must necessarily be retarded until steps are taken to prevent large areas of land being held in an unimproved condition for purely speculative purposes.

OAKSHOTT CASE IN COURT.

The grievance of E. G. Oakshott, for several years a clerk in the city waterworks department, and who now claims damages for wrongful dismissal in January last by Superintendent McLean, was heard in the District court yesterday afternoon. The hearing of the case occupied the attention of the court throughout the second part of the day's session. At the conclusion of the argument, his honor Judge Taylor reserved his decision.

Oakshott, who brought his case to the city council several months ago before taking action against the municipality but was turned down, claims \$70, one month's salary in lieu of notice and \$250 damages for wrongful dismissal.

Examined by E. B. Williams, counsel for the plaintiff, Mr. Oakshott stated that on the afternoon of Thursday, January 27th, he had left the office at three o'clock with letters of introduction to the premier and Hon. Duncanson Marshall from John A. McDougall, M.P.P., with a view to appointment. When he returned the next morning he was asked by Mr. McLean where he had been, and in his reply that he had been down to the government offices, Mr. McLean then told him to put on his hat and get out.

The afternoon on which he absented himself from the office without leave for a couple of hours, Mr. McLean had asked him to take the water gauge every quarter of an hour while he was away. He did so from one o'clock till three, and his colleagues continued to do so till five o'clock when Mr. McLean returned.

There had been no complaint against him all the time McLean had been in the waterworks office. There were three other clerks in the office and when they wanted an hour or so off as their work was in good order, Mr. Oakshott stated that he had never been absent before for any length of time.

Since his dismissal Mr. Oakshott had made many applications for other positions but had been unable to secure employment because of the manner of his dismissal from the city's employ.

Mr. McLean when placed in the witness box stated that he had dismissed Mr. Oakshott to have absented himself from his work without permission many times. He had often been out as long as two hours at a time. It was the custom of his office for employees to absent themselves in this manner. He should have asked permission or left a note when he was going out.

Some time before dismissing Mr. Oakshott, Mr. McLean had taken the matter up with Mr. Burckart, to see whether Mr. Oakshott might not be removed to another department. Mr. Burckart was unable to find a vacancy for Mr. Oakshott and Mr. McLean told the commissioner that he would dismiss him at the end of the month he would give Oakshott notice to leave. He had spoken to Mr. Oakshott 20 or 25 times about

his absence from the office. The real reason for Mr. Oakshott's dismissal was that he had been found to be inaccurate in his keeping of the books which were assigned to him. His work had to be checked over by the other clerks.

Mr. Burckart who was called as a witness had several times during the winter he had heard complaints of Oakshott's figuring. He had been unable to find him a position in any other department.

J. C. F. Brown, city solicitor, appeared for the corporation and Mr. Oakshott was represented by E. B. Williams.

THE INDIAN SCOUTS VENGEANCE.
The feature film at Starland last night is one of the largest and most exciting that has been ever offered. It is a story of the life of the Indian Scouts, a bunch of the best cow punches in the Indian, prairie scouts and real western heroes. The riding, shooting and the tests of Western skill would put an ordinary west show to the blush. The plot all circles round Louisa, who with her parents are travelling in a prairie schooner. The scout falls in love with her and offers his services as a guard which is gladly accepted. On their way the party befriends a young Mexican who has met with an accident. He also becomes acquainted with the girl whose refusal throws him into a fit of passion. To wreck the vengeance he prevails upon an Indian friend to smash the little party. After a fierce fight the whites would have been taken, had it not been for the timely help of a bunch of cowpunchers. But all could escape and are here on their harder bowed over the lone grave of her mother, with the brave scout buried in the background. This program which compresses many other strong dramatic scenes interest is shown tonight for the last time.

APPEALS AGAINST CITY ASSESSMENT

The List That Will Be Heard This Year is Much Smaller Than Last

The time for receiving appeals on land assessments in the city of Edmonton has expired, and the appeal court will be held on Thursday evening, June 2nd. The number of appeals this year is considerably smaller than last year, indicating the general good judgment of the city assessor.

The Hudson's Bay company, whose assessment has been greatly increased, have laid a large number of appeals through their Edmonton solicitors, Emery, Newell and Bolton. These

may not all be contested, however, if the company's agent John Anderson, of Winnipeg, considers the assessment a fair one. Pending his arrival in the city the appeals were taken in order to reserve their right.

There is a great variety of reasons given for appeals. One man claims that his property, which is located near the incinerator, has decreased in value to the vanishing point because of the proximity of that public utility.

Another protests that the assessment of a lot owned by him in Norwood is beyond all reason and that the assessor in his valuation has shown that he is astray in his conclusion.

The most of the appellants take the ground that the valuations are not in accordance with the price for which they are willing to dispose of their holdings.

Following are the appeals which will

come up for hearing on Thursday evening.

West of First Street.

F. K. Hornshead, lot 1, block 1, Glenora, too high.

James Carruthers, as per list, much too high.

Malcolm McKenzie, blocks 6 and 7, section 1, cut up by railway.

J. G. Campbell, lots 14 to 17, block 2, R.L. 2, excessive assessment.

J. G. Vally, lots 3 and 4, block 3, R.L. 2, unable to get on lot.

W. R. Tuttle, lot 13, block 3, R.L. 2, offered for \$275 and have not been able to sell, \$200 is a fair value.

Dr. A. K. Stitt, lot 1, block 13, R.L. 2, assessed \$200 too much.

Mrs. Frances B. Killen, west 75 feet of lots 5 to 10, block 20, R.L. 2, excessive valuation, etc.

James T. Smith, lot 11, block 21, R.L. 2, too much.

Alex. W. Fraser, lots 11 and 12, block 3, R.L. 2, railroad going through one of them greatly value.

James J. Hinchcliffe, lots 16 to 18, block 15, Ingwood, too high.

T. M. Grindley, lots 1 to 25, block 20, Ingwood, no utilities, excessive valuation.

E. J. Bennett, lots 11 to 15, block 23, Ingwood, assessed value higher than present market value.

A. K. Birch, lots 16 to 20, block 34, Ingwood, much above their cash value.

Paul Ross, lots 19 and 20, block 45, Ingwood, allowance expected for sidewalk.

Wm. G. Scott & Co., for Mrs. K. Simpson, lots 16 to 24, block 13, North Ingwood, assessment excessively high.

H. Bottomley, lots 5 to 10, block 15, North Ingwood, only worth \$100 to \$125.

George J. Hunt, lot 6 to 10, block 17, North Ingwood, am trying to sell for \$200.

Callahan & Ferguson, lots 217 to 220, block 1 H.B.R., assessment too much in proportion to lot on same street to north.

T. H. Halford, agent for A. Carruthers & Co., Ltd., lot 226, block 1, R.L. 2, assessed out of proportion to adjacent property.

Somerville Hardware Co., lot 222, block 1 H.B.R., unequally increased in comparison with other First street.

Credit Foncier F.C., lot 76, block 2 H.B.R., over assessed.

S. Snakin, lot 207, block 1, H.B.R., assessment not equal to corner north.

Robert Kenneth, lot 167, block 1 H.B.R. and lot 33, block 6, H.B.R., that the amounts are not comparative with existing and annexed values.

W. E. McGeorge, lot 76, block 3 H.B.R., too high.

Real Estate Co., Ltd., lot 215, block 1 H.B.R., only worth \$500.

Samuel McCulloch, lot 3, block 5, H.B.R., \$250 too much of a rate in one year.

Elmer W. Bender, lots 127 and 128, block 5, H.B.R., no lot in block, could be sold for \$1,500, etc.

J. H. Purdy, lot 21, block 11, H.B.R., assessment unreasonable.

The Sisters of Charity, lots 1 to 6, block 11, H.B.R., more than actual value.

A. E. Voyer et al, lots 54 and 55, block 13, increase solely and unjustified, etc.

A. C. Marshall, lot 57, block 13, willing to take \$5,000.

Robert Cleland, lot 55, block 13, H.B.R., assessment too high.

Cullison & McDonald, lots 23 to 25, block 16, H.B.R., assessment excessive.

Eliza Branigan, east 50 feet of lots 19 to 20, block 17, H.B.R., assessment too high.

Duncan Gray, all block 23, Hagmann, mistake in valuation.

Hudson's Bay Company, as per list, excessive valuation, etc.

El. Hredmarak, lot 21, block 2, R. L. 16, more than value.

Eliza McLennan, 500 feet, 4 inches, block 1, R. L. 20, p. 77A, too high.

James H. Allen, north 62 of 77, block 5, R. L. 37, offered at \$400, failed to sell.

Kenneth Pfeiffer, lot 25, block A, south Norwood, altogether too high.

Kenneth Pfeiffer, lot 6, block B, south Norwood, altogether too high.

John S. Lowden, lot 12, block B, Norwood, no improvements, and it more will pay to more assessment.

A. N. Baker, lot 31 to 32, block 14, Norwood, mainly reasons given.

Victor A. Farley, lot 18, block 26, Norwood, very much too high.

John J. Dorman, lot 32, block 26, Norwood, can have these lots at \$200 each.

R. R. Emery, lot 14, block 61, Norwood, only paid \$30 for lot.

J. G. Campbell, lots 59 and 61, block 69, Norwood, assessment increased over last year.

J. J. Dorman, lot 15, block 76, Norwood, too high.

R. M. Atchison, lot 13, block 77, Norwood, too high by \$50.

J. G. Campbell, lots 59 and 61, block 69, Parkdale, no justification for increase over 1909.

James Robertson, lot 1 to 12, block 98, Parkdale, incinerator nuisance and sewer exposures have reduced value of my property to the vanishing point; assessment unreasonable.

James Robertson, lot 32, block 93, Parkdale; lots 13 to 153, block 98, Parkdale, incinerator nuisance and sewer exposures have reduced value of my property to the vanishing point; assessment unreasonable.

Daniel Teggart, lots 22 to 26, block 95, Parkdale, assessment higher than market.

Wm. Norris, lot 28, block 98, Parkdale, offering lot for \$200; unreasonable to assess for more.

Wm. Morgan Thomas, lot 5, block 23, Delton, assessment more than value.

John Brynne, lots 1, 2 and 5 to 10, block 3, R. L. 2, no improvements being done etc.

Hughanne Steele, all block 3, Woodland, cash value only \$1,200.

ELECTRICITY FOR INDIGESTION

Sir James Grant Thinks It Can Be Scientifically Applied.

London, May 30.—In an interview here Sir James Grant, of Ottawa, stated that the system of electricity on the human system was only in its infancy. The day was not far distant when thousands who were suffering from diseases of indigestion, assimilation of food and defective power of blood, will have their deficiencies corrected to a remarkable degree by a scientific application of electricity and massage to great ganglionic blood center.

"I feel confident," he said, "that we are at the commencement of the discovery of the uses of electricity, which in a few years has been employed more as a toy than anything else."

CAMROSE — "The Lucky City"

The Place where Fortunes are being made in Real Estate

The junction of the three Transcontinental Railway Systems—The Canadian Pacific, The Canadian Northern and the Grand Trunk Pacific—all in operation at the present time. The great-wholesale and distributing centre. The town which is bound to grow from 1,500 to 10,000 in three years, because it cannot help it.

First Come First Served No Reservations

The town which has a 4 per cent. better freight rate than Edmonton or Calgary. The town which has the following wholesale houses already located—Georgeson & Co.; G. F. & J. Galt; Massey Harris Co.; Brackman-Ker Co.; Donnelly, Watson & Co.; Imperial Oil Co., and Calgary Brewing Co.

Those wise persons who knew enough to get in on the ground floor in Edmonton, Calgary and Saskatoon have made fortunes, yet it took years for these cities to get three railway systems, which Camrose has practically inherited. Properties sold a month ago in Camrose a lot are now selling at One Hundred Dollars a lot are now selling at One Hundred and Fifty, and the advance is warranted.

BASEBALL
EDMONTON 5, WINNIPEG 1

The Maroons of Winnipeg hit the dust at Diamond Park last night in the opening game of the series with the Edmonton team. The game got away from them in the fifth inning, when a triple, with three men on base, drove a line, with the third diagonal of the field, two men were cut when the killing error which enabled the Maroons' defense to get to the ground was made. Lucie had just tried to recover his breath when Mills brought him galling home by a single to left. Up to this inning the score stood equalized an evened, either side.

The four halves of the score's going showed the death knell of Winnipeg. The first strike, twice of the Maroons, but made sweet music in the case of wild hand and foul play. The game from this point was as good as won, and it ended with one run in Delta's score of five straight.

The undisciplined pitcher outwitted Piper's pen and the rest of the game outlasted them and outfielded them. Rosbach did well but Delta did better. Olsen in the eighth inning proved himself as one of the deadliest of the field, two men were cut when the killing error which enabled the Maroons' defense to get to the ground was made. Lucie had just tried to recover his breath when Mills brought him galling home by a single to left. Up to this inning the score stood equalized an evened, either side.

SOFT AFRICAN SCRIP

Intending Homesteaders and Settlers: Stop and Look this Over Carefully

You have now the last opportunity of securing some of the finest land in the world at a reasonable figure.

There is only one other way of acquiring Government Land and that is by pre-emption. This costs you \$3.00 per acre and duties similar to those required by the homestead regulations and the same as those required under the South African Venter's Warrant Act, have to be fulfilled.

Why Not Buy Scrip in Preference?

Every settler should buy two scrip NOW and "prove up" on them and still retain his rights of homesteading and pre-empting. By doing so, he secures 640 acres of land as compared with only 320 acres secured by homesteading and pre-empting.

Do Not Forget that there is Lots of Land and Only a Limited Supply of Scrip

A great many persons are under the impression that scrip is going very ill till December 31st, 1910.

THIS IS NOT SO, AN EXTENSION OF TIME HAS BEEN GRANTED WHICH MAKES IT GOOD UNTIL DEC. 31st, 1911

The total number of scrip available is now only some 2600 odd. And the present rate of consumption averages 70 per week. You can readily see that at this rate scrip will not last very long and as the supply decreases the price will naturally advance. This fact alone should prove to you that at the present price scrip is the best buying offer whether you use it yourself or not. WHITE OR WHITE
